2023 - 2027

GLA UNIVERSITY

- Bachelors of Technology

### SKILLS

- HTML
- CSS
- Javascript
- Bootstrap
- React
- AI Prompting

### CODING SKILLS

- C (Basic)
- Python (Intermediate)
- Java (Interrmediate)

### CAREER OBJECTIVE

Front-End Developer focused on designing responsive, clean, and dynamic web applications. Excited to collaborate on freelance and internship projects that offer learning opportunities and challenge my creative abilities.

### PROFILE

Innovative and detail-driven Frontend Developer with a strong focus on creative design and user experience. Proficient in developing responsive, visually compelling websites and landing pages using HTML, CSS, JavaScript, and Bootstrap. Skilled in translating design concepts into interactive, user-centric digital experiences that align with modern web standards. Committed to delivering aesthetically refined, high-performance websites optimized for both engagement and functionality across all devices.

### PROJECTS

#### Apple E-commerce Webpage

- Developed a clean, minimalistic landing page using HTML, CSS, JavaScript, and Bootstrap.
- Implemented responsive design, interactive product displays, and smooth scrolling effects.
- Focused on creating a premium user experience that aligns with Apple's brand style.

#### A Digital Marketing Webpage

- Built a high-converting landing page emphasizing clear messaging and strong CTAs.
- Optimized for SEO, fast loading, and mobile-first performance to drive lead generation.
- Designed a clean, professional layout for an enhanced user journey and brand trust.

#### Personal Portfolio

- Created a modern portfolio website featuring projects, skills, and contact information.
- Integrated animated scroll effects, gradient backgrounds, and smooth transitions.
- Designed a sectioned, easy-to-navigate layout for an engaging and professional presentation.
